This Initial Notification is being submitted to:

- 1) Virginia Department of Environmental Quality, Blue Ridge Regional Office, Air Compliance Division, 3019 Peters Creek Road, Roanoke, VA 24019
- 2) EPA Region III, Director, Air Protection Division, 1650 Arch Street, Philadelphia, PA 19103

**Notification Requirements: 40 CFR Part 63.9(b)(2):** The owner or operator of an affected source that has an initial startup before the effective date of a relevant standard under this part shall notify the Administrator in writing that the source is subject to the relevant standard. The notification, which shall be submitted not later than 120 calendar days after the effective date of the relevant standard (or within 120 calendar days after the source becomes subject to the relevant standard), shall provide the following information:

- 1) The name and address of the owner or operator;
- 2) The address (i.e., physical location) of the affected source;
- 3) An identification of the relevant standard, or other requirement, that is the basis of the notification and the source's compliance date;
- 4) A brief description of the nature, size, design, and method of operation of the source and an identification of the types of emission points within the affected source subject to the relevant standard and types of hazardous air pollutants emitted; and
- 5) A statement of whether the affected source is a major source or an area source.
